National Federation Party Plan for “Your Future”

1. To immediately lower the Value Added Tax (VAT) from 15% to 10%.
2. Allow civil servants to work until they are 60 before retirement.
3. Help families who are buying a house for the first time by taking away the stamp duty.
4. Hold a Commission of Enquiry to look at the education in primary and secondary schools.
5. Give full scholarships to able children from poor families if they don’t qualify for other help.
6. Give money to improve our hospitals so doctors and nurses can give the care patients need.
7. Meet with leaders of the Taukei community and others about improving the Fijian administration as a matter of priority.

8. For political stability, the NFP will work hard with other political parties to implement policies that ensure the Taukei community feels supremely confident and secure about its place at the heart of Fiji.
9. Enact policies and take action to make women and men equal, because gender equality is vital to development.
10. Apply national guidelines to support children and young people to keep them safe from harm.
11. Increase the Social Pension Scheme for all citizens aged 70 years and over to $50 per month.
12. Examine all laws and plans to control pollution, including ways of producing cleaner energy.
13. Remove restrictions on workers’ rights and allow them to join trade unions and bargain with employers.
14. Make laws so people with disabilities have the same rights and opportunities as everyone else.
15. Work with all sports organisations to make sound plans for the development of sports in Fiji.

For more than 50 years, throughout every political system that Fiji has adopted, there has been only one, consistent party... NFP. Always rock solid with people of integrity at its helm, the National Federation Party is our Nation’s beacon of strong character and trust.

On September 17th, 2014 with so much of our future at stake, there is ‘only’ one experienced party that is open, accountable and with a strategic, inclusive and transparent vision that will take our nation forward on a path for all to see and prosper.
