**RESPONSE TO STATEMENT BY
SODELPA LEADER AIRED BY FBC NEWS**

The National Federation Party once again, makes it absolutely clear that it wasn't, isn't and will not be in coalition with any other political party for next year's general elections.

This decision was first made by the Working Committee of the NFP on 26th June 2016, formally adopted by the Annual General Meeting of the Party on 3rd September 2016, and ratified by the NFP Working Committee on 19th November 2016.

It simply means that this decision is irrevocable.

We wish to clear the air yet again following the confusion a statement made by SODELA Leader broadcast by FBC News created amongst our members and supporters.
