Response to Fiji Sun Reports

In recent days, the *Fiji Sun* has published allegations about statements allegedly made by National Federation Party Member of Parliament Honourable Parmod Chand at a political meeting in Labasa in February.

The Prime Minister has attacked NFP on the basis of the *Fiji Sun* reports.

NFP is currently investigating the allegations made in the *Fiji Sun* and how they came to be reported. A further statement will be issued soon.

At this point, any person who comments on the *Fiji Sun* reports believing them to be true is advised to carefully consider their legal position.
